Washoe Project Over Last Hurdle In Lengthy Study

Bill Awaiting Signature Of President As Group Give Approval

RENO— Legislation providing for the $43,700,000 Washoe project is on President Eisenhower's desk and if he signs it the big reclamation and power project will be all set to go.

The U.S. Senate passed the measure Friday afternoon, following similar action by congress last week the bill was sponsored by Senators George Malone and Alan Bible, and by Congressman Cliff Young.

Both houses agreed to adopt a joint report settling the difference between the senate's bill and the house wording. The house had originally passed its own bill authorizing the construction, operation and maintenance of the reclamation-power project, but then vacated passage and accepted the senate version of the bill.

"The project will reclaim new agricultural lands, give Nevada sorely-needed electrical energy and prevent costly floods," the senator pointed out. Of the appropriations, about $17,000,000 will be allocated to irrigation and drainage, $13,000,000 to power, and $6,000,000 to flood control and $2,000,000 for fish and wildlife development.

"The project will firm up existing water supplies for the Truckee River storage and Newlands reclamation project," Sen. Bible said in commenting on the measure. "Power will be sold at nine mills per kilowatt hour and power investment will be amortized in 50 years at an interest rate of 2.5 per cent. Surplus power revenues will aid in repaying irrigation construction costs beyond the ability of water users to repay."

"This is a great day for Nevada and for hundreds of Nevada and California people who deserve credit for work they have done during the last many years," Sen. Bible continued. "The senate's action yesterday climaxed a long fight for this development, which will be western Nevada's largest reclamation-power project in history."

Drury Asks Tunnel For Emerald Bay

Newton B. Drury, chief of the state department of beaches and parks, Saturday announced to his commission that there are hopes the slide which has blocked the Emerald Bay highway since December will be opened within six weeks.

At the same time Drury said he is hopeful the state division of highways can provide a year-around highway around Lake Tahoe by constructing snow sheds over part of the road to ward off avalanches which annually block that portion of the road.

The state official reiterated that he opposes a bridge over the mouth of Emerald Bay, a course held most suitable and efficient, because it will mar the natural beauty of the lake at that point. He did not emphasize how a snow-shed would enhance the beauty.

At the same time President Don Huff of the Lake Tahoe Sierra Chamber of Commerce announced that as a result of a meeting of the directors held at Homewood last week, he has invited members of the beaches and parks commission to inspect the slide area and discuss the possibility of rerouting the road.

Huff said members of the commission could see the proportions of the slide and removal operations and would recognize the need for immediate steps toward rerouting.

Work has been going on for the past several weeks, one man has been killed in the operation and there is a possibility the road will not be open this summer at all.

SPEAKER TO TALK ON ARTS AT CLUB MEET

Mrs. J. Paul Webb of Loomis will speak on "The Bible's Influence on the Fine Arts" at the Thursday meeting of the Wyethia Club, August 2. The members and their guests will convene at 8 o'clock in the edifice.

Mrs. Ray McCarty will preside at the business session.

Former Jet Commander Addressed Local Club

Captain Donald Mills, a retired navy jet commander, made an interesting and educational talk before a meeting of the Truckee Rotary Club at Donner Lake Lodge Monday evening. There was a 100 percent attendance and R. R. Frank presided. Capt. Mills is vacationing at the Palisades near Ice Lake.

Visiting Rotarians included Al Erhart of Arroya Grande, Bill Randall of Brockway, Walt Hunsaker of Visalia, Ted Wise fo Sparks, Leo Wadsworth of Ontario, Dr. Vern Foster of southern California and Jim Brennan of Auburn.

Emery Lander Will Be Deputy Sheriff In This Community

Emery Lander, a resident of the Truckee-Donner Lake area since 1950, this week was named by Sheriff Wayne Brown as deputy sheriff for the eastern end of the county.

Lander currently owns and operates a motel at Donner Lake and is widely and favorably known throughout the district. He is married and has four children.

The new deputy, who will take over his duties on August 1 was with the Vallejo fire department for eight years before coming to Truckee to make his home.

Brown also announced plans are progressing for the installation of a short-wave radio control unit here which will keep the officers in contact with one another and will be hooked up with the Placer County sheriff's department for service between this area and North Tahoe.

Girl Missing From Camp At Donner

A 19 year old San Francisco student nurse, Marjorie Ackley, was missing from a camp where she had been staying for the past several days a mile and a half west of Donner Lake and Consatble N. F. Dolley today is attempting to locate either the girl or her parents, the latter believed at Lake Tahoe.

The girl's departure from the camp was reported to Dolley by Dave Medford, who said he became worried when she failed to show up at his horse corral as was her daily habit. After three days he went to investigate, found the girl gone, but all her personal things intact, and notified Dolley who is heading the search.

CHURCH GROUP WILL START SERVICE HERE

Rev. L. B. Sigle of Quincy, general missionary for the Southern Baptist Convention, was in town last week arranging for the start of a Baptist Mission to be sponsored by Temple Southern Baptist Church of Sparks, Nevada, Rev. J. L. Dugger, pastor.

First meeting will be for the Sunday School at 10 a.m. Sunday, July 29 in Capitol Hall, which is located upstairs over the Capitol Cafe on Main Street. Jess Holleman, a member of the Sparks, Nevada congregation, has been elected superintendent of the local mission. Holleman owns and operates the Cottage Hotel here in Truckee.

Rev. Dugger stated he wished to express the sincere appreciation of the Baptist people to Mr. and Mrs. John Ciardella, owners of Capitol Hall, for letting them meet there until a building of their own can be provided.

A cordial invitation is extended to all.

VINDS, ROCKHOLM GET STATE LICENSES

SACRAMENTO —(CNS)— The contractors state license board announced that Vind Bros. Construction, P. O. Box 238, Truckee, has qualified for a general building contractors license.

The board also announced qualification of Rocky Rockholm, Box 227, Truckee, for a masonry contractors license.

The licenses will be issued if no protests are filed before Aug. 6.

FIRST WHITE CHILD BORN HERE EXPIRES

Joseph Henry Gray, 87, the first white child born in Truckee and on white child born in Truckee and one of the founders of Gray, Ried, Wright Company in Reno, expired last Saturday in Reno. Funeral services were held Tuesday under the auspices of the Reno Elks Lodge and cremation was in Mountain View Cemetery.

No Meetings

Erv Single, secretary of the Truckee De Molay Chapter, announced that there will be no meeting of the group during July and August, these being guard months. Meetings will resume on a regular schedule in September.

Sacramento Man Named To Head Schools In District

New Superintendent Takes Over Work Here On August 16

John Starr Corbin, a 43 year old veteran teacher and educational administrator, has been selected from a number of applicants to replace Everett V. O'Rourke as superintendent of the Tahoe Truckee Unified School District, effective August 16.

Corbin for the past 12 years, or since 1942, has been superintendent of the Robla Elementary School District at Del Paso Heights in Sacramento County. His record is good and the board in reviewing the several applications expressed pleasure in being able to secure a man so highly recommended.

A graduate of Chico State College, Corbin attended the University of Southern California and obtained his master's degree at Sacramento State. He has held teaching and executive positions at Chico, Magalia, Rock Creek and Feather Falls before taking over the superintendency at Robla.

The new superintendent is marlried and is the father of three children. The family owns a home at Kings Beach.

The board agreed to a contract for four years at a salary of $9,500. The selection of a principal to replace Conrad Briner who has taken a year's leave of absence to secure his necessary degrees, was deferred for the time being pending the arrival of Corbin.

O'Rourke recently resigned his post here after seven years of service in the district to accept a similar position in the bay area. He will remain here until August 16, the date his resignation becomes effective.

GATEWAY FISH FARM OPENED BY FARINA

Frank Farina, who annually spends his summer at Gateway with Mrs. Farina, has opened his Gateway Rainbow Trout Farm just west of the Gateway Motel on Highway 40 for public use.

The pool is fed from a cold water spring nearby and is well stocked with catchable rainbows. Fishermen need no license and there is no limit to the number of fish they can catch.

Farina recently retired as chief of police at Emeryville and they plan to make their home here, having a small house near the fish farm.

Miss Adele Parsons Is Feted At Local Affair

Mrs. Daven Morey and Mrs. G. E. Lewis were hostesses in the latters home on Saturday evening at a smorgasbord and miscellaneous shower, feting Miss Adele Parsons bride-to-be of Jack de Ryk.

Guests present included Mesdames A. T. Parsons of Grass Valley, J. Neugebauer, Bradley Board, Richard Robarts, L. D. Nelson, Jack Gross, Milton Avila, C. E. Allison, Wm. Cardwell, John McGlade, Ben R. King, Wm. Briner, Ralph Sears, Daniel Horman, Kay Baker and Miss Jeaqueline Hensley from Los Almos, New Mexico.

STOLEN MOTOR IS PURCHASED BY COP

A motor stolen from Tom Bonano at Donner Lake a month ago has been found in the possession of a Pasadena policeman. It was all very innocent, however. The policeman, Detective F. J. Hoecker of the auto detail, said he purchased the motor from a man in Sacramento for a very low figure and at the time figured it might be stolen.

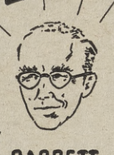
Later he checked teletypes from Truckee and notified Deputy Sheriff Roy Waters that he was holding the motor there.

Back From Trip

Mrs. Ray Hintz and children Evelyn and Charles returned Monday from a 2200 mile trip with relatives through northern California, Oregon, Washington and Idaho.

The family encountered flash floods, hail storms and resulting rock slides which made a circuitous route for traveling.

SUNBEAMS



By WALTER M. BARRETT

Our hat is off this week to the committee and others who were accountable for the outstanding success of the boat races at Donner Lake Sunday. More than 7000 people witnessed the race which was pronounced one of the most successful of its kind ever held. A lot of credit is due to the chamber of commerce for its sponsorship and promotion of this event— one of a number which bears the chambers support each year. If anyone ever asks what is the chamber of commerce doing, the answer should come easy with such projects.

Legion Officers To Be Seated At Soda

Officers of Truckee Post No. 439 and Harold Eugene Jones Donner Summit Post No. 811, will be installed at joint ceremonies as a feature of the annual barbecue to be held Sunday, August 5 at the Legion clubhouse at Soda Springs.

Carl (Doc) Widing will be installed as commander of the summit post and Lloyd Everett will be reinstalled as Truckee commander. Other summit officers to be seated are Bert Barber, first vice; Chuck Reynolds, finance officer; R. R. Rockholm, chaplain; Milt Avila, sergeant at arms; William Rutherford, adjutant; Bill Strickland, second vice, Elmo Moriano, service officer; Niels Grant, Jr., historian and Milt Hogle, past commander.

The other Truckee officers include Frank Quilici, adjutant; Frank Fox, first vice; Donald Prichard, second vice; Everett Parker, service officer; Frank Wilson, chaplain; James McIver, historian; Hes Cardinal, sergeant at arms and Robert Leamon, judge advocate.

The outdoor ceremony will start at 2 p.m. and will be followed by the barbecue for the members and families and friends.

TRUCKEE WINS FROM TAHOE IN BALL GAME

The score was 23 to 1 in favor of Truckee but that was a small part of the story when the Truckee and Tahoe City Pony Leaguers met here last Friday evening for a seven-inning baseball game.

The real story was the fact that both teams were battling hard and in a fine sportsmanlike manner from the start to the finish, everyone doing his level best but showing no resentment if that best was outdone by another boy.

Al Covallo, who has spent many evenings with the Truckee team as manager and coach and James Brehler, who has worked with the Tahoe boys, earned the compliments paid the youngsters on both sides.

Roths Are Honored At Housewarming Party

Mr. and Mrs. Robert Roth were presented with a gift for their recently completed home at a picnic held Friday evening in Donner State Park.

The personnel of the California Quarantine Station with their families were present to share the pleasant evening with the honorees.

FORMER RESIDENT OF HOBART MILLS DIES

Requiem mass for Sam G. Cavallo was held Wednesday morning at 9:00 at the St. Thomas Aquinas Cathedral in Reno. Interment was in the Mountain View Cemetery.

Cavallo died Sunday afternoon at a Reno hospital in his 67th year He had moved to Reno from Hobart Mills to retire after working as a lumber grader. He was a member of the Knights of Pythias Lodge at Truckee and was well known as an ardent sportsman.

Survivors include his widow, Mrs. Angelina Cavello, a son, Ray Cavallo, and a brother, Louis Cavallo, and three grandchildren, all of Reno.

7,000 Watch 180 Speed Boats Vie For Racing Honors

Most Successful Event Held Despite Showers As Records Set

More than 7,000 spectators Sunday witnessed more than 180 outboard racing boats competing in the sixth annual Northern California Outboard Association's races at Donner Lake.

The scattered showers failed to dampen the enthusiasm of the racers and it was declared the biggest and most successful race of its kind ever conducted on the coast with the exception of the nationals.

Rex Reid, chairman of the Truckee Chamber of Commerce's committee, reported five eliminations were required to single out the boats for the 18 events, featuring nine classes. Reid expressed appreciation to those who assisted including Dr. Ben King and the Truckee Ambulance Service which stood by to lend assistance in case of need. However, only one minor casulty occurred and that prior to the race when one of the drivers broke a thumb avoiding water skiers.

Plans are already underway for holding the seventh annual race at Donner next summer.

Winners of the nine classes were as follows: C service runabouts: Yorio Oaki, Woodland; C outboard hydroplanes, Ed Hawtney, Sacramento; B stock hydroplanes, Bob Clements, Modesto; F. racing runabouts, Bud Wiget, Concord; C racing runabouts, Lou Stevens, Oakland; B racing hydroplanes, Orville Herrick, Del Paso Heights; C service hydroplanes, Art Pierre, Stockton; B runabouts, Frank Geries, Sacramento and F hydroplanes, Cluck Parsons, Lodi.

It may be noted that many of the entries as well as a large protion of the spectators are local residents, many of them from out of town having places in this area where they spend the summers.

A score of awards were made with Mrs. A. B. Polyanich receiving the 14-foot boat.

LIGHTNING RESULTS IN SERIES OF FIRES

A series of afternoon lightning storms, accompanied by heavy rain and hail, has resulted in at least eight fires being started in the Truckee District of the Tahoe National Forest since July 19, Henry Toccalini, local dispatcher, reports.

Blazes were started near Frog Lake, Nigger Canyon, three near Squaw Peak, Ellis Peak, on the Verdi lookout road and in Martis Valley. All were small and quickly extinguished by the suppression crews. There have been 15 fires to date.

The rain has totaled .79 of an inch during the storms, .42 of an inch falling Tuesday in a sudden downpour.

New Home Is Completed For Teels At Donner

Rex Reid, local building contractor, is completing work on the attractive new home for Ray and Betty Teel at the west end of Donner Lake, where they have the Donner Shore Resort, a four-unit motel, also erected by Reid. The new home and cabins are a show place along the shoreline and a credit to the community.

MAN INJURED WHILE WORKING ON SLIDE

Thomas Watson, Jr., of Wheatland, Yuba County, is in the Rideout Memorial Hospital with injuries suffered in an accident during removal of the huge slide which has blocked State Route 89 at Lake Tahoe since last winter.

Watson suffered injuries to his ear and eye when struck by flying rock during blasting operations. He is a tractor driver for the H. Earle Parker company of Marysville, contractor for the slide job at Emerald Bay.

Goes East—

Mrs. Harry Digesti has been visiting relatives in Chicago, Illinois.

Back From Bay —

Mrs. Kenneth Hedlund and children and Kathy York returned from Oakland.

Ed Grant Goes To Camp Beale For New Assignment

Suprevisor L. A. (Gus) Rickel of the Tahoe Natinoal Forest has announced the transfer of District Ranger Edward Grant from the Truckee Ranger District to the position of liaison officer with the Stead Air Force Base out of Reno, Nevada.

This position has been established for some time, having been previously occupied by Robert Beal The position serves as the forest service representative on the very comprehensive emergency survival and training of Stead Air Force Base. Airmen being trained to take care of themselves over long periods of time in the event they are forced down in hostile territory are set out in pairs or in small groups from a given location and have to follow a prescribed course to their original headquarters area.

In the process of this they are given only emergency rations to last for a day or two which require them to do the best they can in living off the land by catching fish with primitive tools, the obtaining of small game, etc. The program is conducted through the winter time as well as in the summer.

Grant's successor has not yet been selected. The transfer will be effective on July 30 and Grant will assume his new post at that time.

Baseball Game At Local Park Sunday

The Truckee Athletic Club's baseball team lost a close match to Lovelock last Sunday by a 3 to 1 score.

This coming Sunday the locals will host the Fallon nine at the local park at 2 p.m. The two teams have played twice, with each winning one of the contests and the game Sunday promises to be a real battle for the rubber.

Last Sunday the Lovelock nine scored the first run in the bottom of the second. The two teams played close ball until the seventh when the home town nine scored in the seventh and again in the eighth.

Louis Goicoa did mound duty for the Truckee team and as usual Gordy Stewart was on the receiving end. Bill Campbell played short; Bob Heryford, center field; Otto Cluch third base; Al Wakefield, first base; Aaron Thomas, second; Ralph Garcia, left field and Frank Giovannoni and Mike Goicoa, right field.

The Truckee team has won three and lost four games this season and Sunday will be out there trying to make it .500.

Gift Award of New Saw Will be Attraction On Squaw Peak Saturday

Squaw Peak which looms over the valley and Lake Tahoe as a ski run, has been the setting for a marriage and on Saturday, July 28 at 3 p.m. at the same time Kenneth Wilson, Tahoe Boy Scout, will be presented with a model Home-Lite E-Z Saw by Robert J. Wray, local dealer for the product.

Richard Doolin, manager for the Sacramento district, will also be present to hand the gift to Wray and to be a part of the ceremony on the lofty peak.

Kenneth won the saw in a recent contest conducted by the Home-Lite Company for which Wray is the local distributor. He was one of three in the Sacramento-San Francisco district to win.

REPORTS GIVEN AT MEET OF GIRLS HERE

Donner Council No. 13 Pythian Sunshine girls met Wednesday, July 18th in Odd Fellows Hall in regular session, Ireda Harris, royal princess, presiding.

Nona Rae Coffey representative to Grand Council which was held in Richmond July 13 and 14, read a very interesting report of the 2 day session which was attended by eight members of Donner Council. The business transacted at the meeting promises to be a busy year for the local council.

A practice of the drill staff will be on the agenda for our next meeting August 1st.

North Tahoe Fire Control Points To Rapid Expansion

Need For Support Stressed In Report By Tahoe Directors

KINGS BEACH— Attention is being called this week to a full-page report by the North Tahoe Fires Control, Inc., in the Sierra Sun.

The purpose of the report, Max Burroughs, one of the directors, pointed out, is to not only acquaint the residents of the North Lake Tahoe area with the purposes of the organization, but to emphasize the necessity of continued and increased support.

The report is being mailed out with statements to all property owners in the area, both in California and across the line in Nevada.

During its existance, since 1952 the fire control equipment has responded to a total of 106 fires and has saved millions of dollars worth of valuable property. Its personnel is composed of volunteer firemen, who number 25, headed by Max J. Kreuger, Chief; Howard Mason, first assistant and Bake Fry, second assistant.

Two Trucks

Currently, the organization has two pieces of modern equipment. a four-wheel drive Dodge with a 225-gallon tank, two booster lines of 200 feet and a 800-pound high pressure fog. The second unit is a four-wheel drive Ford 800, with two booster lines 200 feet long, 600 pound pressure; one 1½ inch live line, 150 feet long with 400 pounds pressure; 1000 feet of 2½ inch hose and 300 feet of 1½ inch hose and a 750-gallon tank and 750 gallon per minute pumping capacity.

The district is contemplating the purchase of a third unit with a 2,000 gallon tank and a radio communication system. A fire barn is also a vital need and its building depends upon the response of property owners who are being urged to lend support to the district. At the present time, membership in the control district is urged and a fee is based upon property values for this membership. Only members are entitled to the services of the department and charges for service to others is permitted and required.

The directors are asking opinions of property owners on their desire to form a legal fire protection district so that the costs, based on assessed valuations can be equally distributed.

Justly Proud

The department is justly proud of its equipment and the efficiency of the personnel in combatting fires. As funds become available this equipment is added to and modernized and when the aims of the officers are fulfilled, the North Tahoe area will have one of the best fire control units in the state.

Other members of the department are Captains Ray Finnigan and Gene Tompkins; Lieutenants Jerome Little and Steven Port; Roy Porath and Fred Schultz, dispatchers; Audrey Welch and Doyle Barnett, first aid; Raymond Bisio, L. E. Faulkner, Ray Bergman, Charles Wing, Don Germain, Walter Mandeville, Louis Antillon, Michael Brown, Albert Damon, Henry Stephens, Jerry Taylor, Ted Barrett, Charles Rich, Jr. and W. W. Madison, firemen.

$20,000 Budget

The budget, detailed in the report, calls for a $20,000 expenditure for the current year, which includes $9,200 for a needed fire station.

Every resident of the area is urged to scan the carefully prepared and interesting report.

LIGHTNING STRIKES TREE IN LOCAL YARD

A bolt of lightning during Monday's storm chose to strike a tree near the house of D. Vinson who has the title of Truckee patrolman for the U. S. Forest Service. It continued down the antenna and through his radio, making it easy for the fire expert to watch lightning strike, at least once.

LOST PLANE FOUND NEAR INDEPENDENCE

The Hamilton Air Force Base in Marin County reports a jet trainer missing for eight months has been found near Independence Lake in the Sierra. The plane was missing on a flight from Van Nuys to McClelland Air Force Base. A ground party has been sent in.

WATER COMMISSION COMPLETES SURVEY

The California-Nevada Water Compact Commission has completed an inspection of the Lake Tahoe, Truckee river basin and the site of the proposed Stampede dam on the Little Truckee. Following the inspection trip, the commissioners met for a dinner meeting at Tahoe City. The tour was a fact finding mission and no decisions were forthcoming.

NORTH TAHOE
FIRE CONTROL, INCORP.

UNIT NO. 1: 4-wheel drive Dodge— 225 Gallon Tank; 2 Booster lines, 200' each; 800 pounds high pressure fog — 40 gallons per minute.
UNIT NO. 2: 4-wheel drive Ford 800; two booster lines, 1 inch, each 200' long, 600 pounds pressure; one 1½ inch live line, 150' long, 400 pounds pressure; 1000' of 2½ inch hose, and 300' of 1½ inch hose; 750 gallon tank capacity— 750 gallons per minute pumping capacity; Equipped with model 99 portable Fire Pumps for supplying water from lake when needed.

HISTORY OF A COMMUNITY SERVICE

It was a brush fire, and it started at the foot of Brockway Hill just west of Skid Road, now known as Lake View Drive. The month was May, the year, 1952. May is generally considered a pretty safe season for fires. At this time of the year they're supposed to be easy to keep under control. However, we have learned that there is no such thing as a safe season for fires.

Your Defense and Disaster Personnell was called upon to try and check the spread of that little brush fire. Total equipment then available for fire fighting consisted of three old,worn, and battered hand shovels. The situation was heart sickening to every man on the job, for all those men could do was watch the fire spread to the homes along the street on the hillside. The spread of this brush fire resulted in the complete loss of one of the very nicest homes on the street. This loss need not have been. Had our men the availability of even fifty gallons of water under pressure, no doubt the house would have been saved. The turnout of man power was sufficient to fight almost any size fire, but without equipment there was little that could be done except to use the street as a fire break.

After the fire that night, one of our present Commissioner, Eugene Jarvis, was visiting in a club on Crystal Bay Hill, and was approached on the question of why we had no Fire Department, and there received the suggestion that all Clubs on the hill be asked to assist in raising funds for the purpose of purchasing FIRE TRUCKS.

Mr. Jarvis needed no more than this. He immediately called Harry Stubley and P. M. Burroughs. These three men combined their efforts, and called in a member of the Forest Service, C. E. (Butch) Beavers, and Max Krueger, your present Chief Engineer. The five called upon the club operators at Crystal Bay, and requested their support in putting on dinners to raise funds for purchasing FIRE FIGHTING EQUIPMENT. After reaching agreements with some of the Clubs the committee asked chairman Judge Harry Charrison, of the North Tahoe Community Club, Incorporated, to call a meeting of the club, as a sponsoring organization, to secure its approval of this movement. This was necessary in order to secure State Firemen's Compensation.

A committee was appointed by the Community Club Chairman, Judge Harry Charrison, to promote this worthy cause— as follows: P. M. Burroughs, Eugene Jarvis, Harry Stubley, with the moral support of the membership.

The First Dinner

In the month of June, 1952, the first dinner was given by three of the clubs, Cal-Neva, Cal-Vada, and the North Shore. Proceeds from this dinner enabled the group to make the down payment on that first truck. The committee continued with the help of Krueger and Beavers, and at the same time calling upon the Underwriters of the Pacific for advice in building for the people the best possible FIRE DEPARTMENT. Contract was signed for the first truck on June 20, 1952, and the remainder of the notes for same were personally signed by Burroughs and Jarvis.

Delivery of the First Truck

July 20, 1952 found our first truck delivered to North Tahoe, and insurance paid on ten men who were to man the equipment under supervision of Max Krueger, Chief. Balance of proceeds, over and above that used for truck payment and insurance, was spent to secure five coats, hats, and five pairs of boots for the firemen— not enough to go around, but all we had money for. These boys fought eleven fires with this equipment during the remainder of that year.

Committee Enlarged

During the month of August, 1952, the committee thought it best to ask for additional members to create a wider representation of the people over the entire district. Another meeting of the North Tahoe Community Club, Inc., was called by the chairman, Judge Harry Charrison, and the committee was enlarged to include Rube Welch, Bill Wiseman, Roy Porath, and Tom Sutton.

Effort Made to Form Legal District

The committee petitioned for a legal tax district, but was refused, more so besause of the lack of interest on the part of the people than from the opposition. Subsequently, there was another dinner asked for and secured during 1953 to meet the second payment on the first truck. Out of the 1953 dinner proceeds, the payment was met, and insurance paid for the men, but leaving no money for operation or fuel that winter, not even for telephone.

1954 Finds Us Broke Again

We tried another dinner in 1954 with the cooperation of some of the clubs, and found that each dinner brought us less and less financial security while our cost of operation steadily increased. At this point, Burroughs, Krueger, Welch and Jarvis, your directors, faced the necessity of negotiating a personal loan at the Bank of America to clear the truck, and continue operation of FIRE PROTECTION for you. With this action the truck became the property of the people of the community, but your Board of Directors held the bag for payment of the loan. This clearly indicated to the BOARD a great necessity for finding some more reliable means of support for your FIRE DEPARTMENT.

North Tahoe Fire Control, Incorporated

During the month of March, 1955 your Board of Directors secured legal advice on formation of a Corporation, and filed Articles of Incorporation with the State of California, and Nevada. Today your FIRE DEPARTMENT is a bonified Non-profit Service Corporation and is supported by membership in same. Your dues are arrived at by your BOARD OF DIRECTORS in keeping with the needs of operation, equipment payments, and interest, insurance, etc.

Services, and to Whom

Any services to non-members must be decided upon by your Chief, and such services may be rendered only when the Chief is sure that the equipment is not needed by a paid member. Under the laws of the Corporation, charges shall be established by the Board of Commissioners.

Charges to Non-Members

When and if the Department renders service to Non-members the charges are as follows: Minimum of fifty dollars for each piece of equipment responding to the call for the first hour or fraction thereof. A minimum of twenty-five dollars for each piece of equipment for each additional hour or fraction thereof. A minimum of $2.50 per hour or fraction thereof for each responding Fireman— time beginning with sounding of alarm, and continues until men are released by the Chief. These charges are in addition to the current years dues based upon assessed valuation of property. The Chief shall report all such charges to the Commissioners, and the Commissioners shall collect same.

Purchase of New Equipment

June 1, 1956 found our new equipment on the ground and ready to serve you. It passed the Underwriters tests at over and above the required capacity to give you Class A equipment. At this date it has already served on five fires in our area, and the boys are happy to say that it has more than met the highest expectations of your FIREMEN.

Personnel to Operate Equipment

We now have an average of twenty-five men to operate these two pieces of equipment, and most of them have qualified for certificates of schooling from both the Forest Service, and the State Board of Education. These men have given of their time to train in Fire Fighting for your protection. This was done on their own time after doing their hours of work for their DAILY BREAD. These men get no pay for their services in the protection of your property, and perhaps, your life. They are on call, at your service, every day in the year— come rain, snow or sunshine. Insurance on these men is carried with the California Firemens Compensation Board, and is as stated, paid out of members dues. Your Commissioners do not even receive this benefit. Their reward is in the joy of knowing they serve their Community.

Purchase of Land on Which To Build A Barn

Your Board has purchased property on which the FIRE HOUSE IS TO BE CONSTRUCTED to protect this wonderful EQUIPMENT, and this will be the BIG job for 1956-57. We have no place at present to protect and safeguard the the trucks through the winter months. So, we must ask you to do your part in helping to bring about this achievement, to get the job done before the snow flies. Over thirty thousand dollars worth of equipment needs a home which can only be provided by you with your paid up membership for the fiscal year, 1956-57.

Medical and First Aid

Inlisted in our Department to minister to those who may be injured, either the Firemen, or the general public, is one of our most honored members, Miss Audrey Welch, a registered nurse. When the alarm sounds, Audrey with her first aid kit is on the job, with the resuscitator, too, if necessary, and there she stays as long as the men are required to be on the job, reguardless of weather conditions. WE ALL SALUTE HER!

List of Firemen As of This Date

Max J. Krueger, Chief; Howard (Curley) Mason first assistant chief; Lloyd (Bake) Fry, second assistant Chief; Ray Finnigan and Gene Tompkins, Captains; Jerome Little, and Stephen Port, Lieutenants; L. E. (Roy) Porath and Fred Schultz, Dispatchers, Audrey Welch, and Doyle Barnett, First Aid; Firemen: Raymond Bisio, L. E. Faulkner, Ray Burgerman, Charles O. Wing, Don Germain, Walter Mandeville, Louis Antillon, Michael Brown, Albert Damon, Henry Stephens, Jerry Taylor, Ted Barrett, Charles Rich, Jr., W. W. Madison. These men also serve in any disaster should the general alarm be sounded. You should feel free to ask any of these men for any information regarding fires and their prevention, at any time you wish. You should also heed their advice or warning when you are informed by these men about the dangers of fire and what to do or not to do with regards to same.

Fires During the Four Years of Service

1952

20	16	18	54
1955-56			
Structure	Forest	others	Total
9	7	8	24

A TOTAL OF 106 fires.

Fires listed as OTHERS were such as electrical, automobile, boats, grease and inflammable liquids, and fires caused by wrecks. Had it not been for your Fire Department, any of these fires could have wreaked havok with our entire Community.

Honorable Mention of the Community Club

We should all be grateful to the North Tahoe Community Club for purchasing for your Department one of the best resuscitators to be found on the market, and the service of same is handled through your Fire Department with trained personnel for public welfare. To date it has been used on four heart cases, two drownings, and two suffocations. When such services are needed, all one must do is call the fire number and ask for this service. **Special precaution should be taken by all to not use the fire number unless to call for fire truck or the resuscitator, and to stay off the fire phone when you hear the fire alarm sound. The phone may be needed any moment to call for help or other equipment, or to sound a general alarm for other men. DO NOT USE THE FIRE TELEPHONE EXCEPT IN AN EMERGENCY!**

Access to Water

SPECIAL NOTICE: The Placer County Board of Supervisors opened all available roads to the water in Lake Tahoe to make it possible for your trucks to reach water with the pumper. You will please take notice that these accesses are posted with NO PARKING, and FIRE LANE signs. The penalty for parking in a fire lane is MOST SEVERE to say nothing of the loss that may be incurred by such practice. SO, HELP US TO KEEP THESE LANES OPEN AT ALL TIMES.

Taking Your Deductions For Contributions or Dues To The N. T. F. C., Inc.

Please keep in mind that all contributions or dues to the North Tahoe Fire Control, Inc. are tax deductible items as the Corporation is a non-profit Service Organization. Come on, let's build that barn, and buy the rest of the rest of the equipment needed by your Firemen, and keep our Fire Control, Incorporated in tip top condition. Let's use this deductible item where, and in a way that it will do the most good for all concerned. After all we can't take it with us, and if we could it wouldn't do us any good anyway.

Our Immediate Needs Are

As was demonstrated at the fire in Nevada during the month of June this year, we are in need of a tanker of at least two thousand gallons of water (4 wheel drive) Utility, and Hose Truck with 4 wheel drive. Radio Communications, and, of course, the barn is a must before winter.

Insurance Reduction is Possible

If you wish to receive a reduction in Insurance rates, that can be accomplished as soon as the people create a legal Fire Protection District. This will also guarantee that those receiving benefits pay their just share for this protection service. It will also guarantee the necessary funds for purchase of equipment and operational costs of the Department, as well as your reduction in Insurance premiums. It would greatly affect your overall cost of Fire Fighting in your Community, and give us all a guarantee of the best service and Equipment for the equally shared costs. If you want this District, you should fill out the BLANK at bottom of this page and mail to the North Tahoe Fire Control, Inc., P. O. Box 422, Kings Beach Calif.

This information will be used for further action by your Board of Commissioners. We assure you that our desire is to serve you in the best way possible. So please give us your views right away.

If you prefer a legal Fire Protection District, fill in this coupon and mail to: North Tahoe Fire Control District, Kings Beach, California.

NEWS NOTES FROM TAHOE

by Ethel Joslin Vernon

Rotary Meets

At noon on Tuesday, July 17th the Tahoe City Rotary Club held its weekly luncheon meeting at the Tahoe Inn, with President Steve Korich presiding. The number of visiting Rotarians and local members attending were equal, there being 35 of each. Among the visitors were a senator, an assemblyman and a superior court judge. They were Senator A. A. Erhart, representative of San Luis Obispo County, Assemblyman Tom McBride of Sacramento County, and Superior Judge Wade Snook of Oakland.

Judge Snook was guest speaker on this occasion, and he took for his subject "Criminal Identification." He explained that the sources of identification are mainly finger-printing and hand writing. The judge sited a number of cases from his experience on the bench where either prints or writing had been the means of identifying the offenders. But he told also of cases of seemingly positive identification of this kind which had failed to convince a jury. In one case of a seemingly fool-proof alibi, he said, there was a hung jury. On retrial of this case by a new jury conviction was arrived at when the alibi was shattered by evidence overlooked before.

Judge Snook said he has been spending his summers at the lake for the past thirty years. His summer home is on the lakeshore at Tahoe Park, three miles from Tahoe City.

Birthdate

At the close of the meeting treasurer Harry Johanson was presented with a miniature birthday cake, and rendered the birthday song of the occasion, for all of which he paid a fine of $5. Harry's birthday occurred on July 19th. He has been constable in this locality for 20 years more or less, and through all these years has faithfully served the cause of law and order, and the security of his friends, neighbors and fellow citizens.

Women's Club

At the dinner-meeting of the Women's Club of Tahoe held last Thursday evening at the Trade Winds resort at Kings Beach, 48 members and guests were present, and a tasty dinner was enjoyed by all. During the short business session the women voted to purchase a Scott breathing air-pact for the use of the local fire department. The cost to the club is expected to be made up later from the proceeds from the Sacramento State College theatricals given at the school here this summer. All such proceeds are to be turned over to the Women's Club, and after deduction of forementioned cost, the women plan to donate the remainder to the fire department.

The Women's Club is sponsoring the college plays throughout the summer. For entertainment at the Thursday night dinner-meeting Dr. Beckman of the college faculty showed a movie reel picturing the art work of Grandma Moses, and partly reviewing the life of the aged artist.

The Women's Club will hold its next meeting at the Homewood Hotel on the first Thursday in August.

Boy Scouts

The Tahoe City Boy Scouts, Pack 27, with Scout Master Ken Marvin in charge, spent last Sunday on a picnic and water-skiing excursion to the Tahoe Park beach and its in-shore waters. The ten members of the local pack are reported becoming very proficient water skiers. The parents of some of the boys picnicked with them and watched the water-skiing activities from the beach.

Barbecue

The second annual barbecue party of the fast-growing Lake View Drive community was held one evening last week, with Mr. and Mrs. Dick Carnell of that vicinity acting as hosts. The outdoor part of the occasion took the form of a pot-luck dinner, with 66 of the community atending. The hosts furnished the barbecued hamburgers, while the rest of the neighbors brought a great variety of hot dishes. Indoor entertainment consisted of motion pictures, the main feature entitled "Bobby Jackson's Trip to Hawaii". Jack Dunne donated his film showing the Yuba City flood.

Dinner Hosts

Mr. and Mrs. Harold Farr were hosts on last Thursday evening in their Grove Street home at a dinner party honoring the newly-weds, Mr. and Mrs. Barron Farquhar, friends for years past of Mrs. Farr. The bride is the former Toni Konselman whose home was in Colorado Springs. She spent the past two years as a school teacher in the bay area. The groom is an electronics sales engineer employed in Berkeley, with residence in Lafayette. The pair were married in Colorado Springs on July 14th and motored from there to Tahoe City for a short honeymoon. They left here on Sunday night for Berkeley where they expect to make their permanent future home.

Local Guests

Guests of Mr. and Mrs. Howard Guth at Tahoe Lodge this week are Mr. and Mrs. R. Q. Smith of Honolulu, Hawaii, with their son Earl Smith and his wife and three children. Smith senior is a past president of Rotary who has spent his vacation periods at Tahoe for some years past.

COLLEGE PLAYERS TO PRESENT LAURA AS CLUB BENEFIT

TAHOE CITY— "Who is the murderer of Laura Hunt?" is the question propounded by the three-act mystery drama, "Laura", to be presented July 26-27 in the school at Tahoe City.

The players, students enrolled in the Tahoe Session of the Sacramento State College, are drawn from many different places. Virginia Field, taking the title role, is a student at U. C. in Berkeley; the role of Shelby Carpenter, her fiance, is played by Stuart Kauffman of Sacramento, while the sophisticated and jealous Waldo Lydecker is played by George Ellsworth of Grass Valley. Frank Magary of Sacramento is the persistent detective, and the maid is Karen Tyree of San Francisco State. Fern Bahrman and Mable Tumbelson of Grass Valley assist in production, while Jon Frieseke and Carol Taylor of Sacramento State play the parts of a frustrated mother and her son. Marilyn Casstevens, a teacher from Turlock, is assisting the director, while Jim Condon of the capitol city is designing and constructing the set. Other helpers are Frank Magary, Jr. and Pat Merz from Sacramento.

The performance of this suspense drama will be open to the public. Many will remember the moving picture version of a few years ago which starred Clifton Webb, Gene Tierney, and Dana Andrews.

Wasted Money

It costs California millions of dollars a year just to clean up trash and litter which thoughtless people throw along the highways. Help cut down this waste of tax money by helping keep our roadsides clean.

Sets Custom

The U. S. Marine Band is credited with having originated the custom of standing at attention during the playing of the "Star Spangled Banner," the National Anthem, in 1898. Audiences soon followed suit.

WHAT'S DOING

Charles F. Berlenbach, Jr., Telephone Manager in Truckee

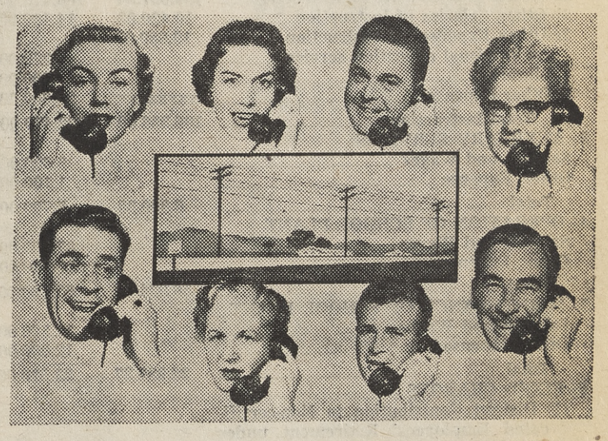
Construction Started On New Tahoe City Dial Office

Ground has been broken at the corner of Tahoe and Grove Streets as the first step in the construction of a new dial office for Tahoe City. The plans call for a 62x78 foot two story reinforced concrete building at an estimated cost of $170,000.00.

An exact date for start of dial service has not been set, but it is hoped that it will be ready by next Spring. In order that the dial system functions properly it will be necessary that Tahoe City customers get new numbers. This will tie in with a nation-wide numbering plan being established across the country— a plan that will permit telephone customers to dial their own long distance calls to many places across the U. S.

Although it may be some years before this system is available in Tahoe City, the new building to house the dial system is another step toward giving our customers better service.

* * * * *



Phone calls go "piggy-back" riding

Pretty soon now, many local telephone calls are going to start riding "piggy-back." They'll go one on top the other, as many as four separate calls at the same time on the same telephone line. This means one line will do the work of four. And, of course, that means more and better service to more people. For many years, "piggy-back" systems have been speeding your long distance calls. Now we've discovered how to use the same kind of equipment for local calls. This is an example of how telephone people work to develop new and better equipment.

The men and women of Pacific Telephone work to make your telephone more useful every day.

* * * * *

Don't miss the fun... Telephone ahead for reservations!

Planning a spur of the moment weekend trip? Maybe with an eye on that cabin by the lake? You'll want to make sure you have just the right accommodations: the cabin you want, your favorite boat, the works. And the best way to do that is to phone ahead for reservations. You're sure of a confirmation, right on the spot. It costs so little and gives you so much peace of mind. Makes your whole trip more fun.

HOLIDAY PARK IS LATEST STEP IN PROGRESS AT LAKE

TAHOE CITY— Holiday Park will open for business August 1st. On twelve acres of beautiful wooded land between Highway 89 and Lake Tahoe, just beyond the Truckee River bridge there has been made ready a mobile trailer park, with every modern convenience for the mobile home. Independent sewer connections for each trailer, adequate electrical current for the largest trailer, as well as a good water supply. Shade trees for each trailer site that has over 1200 square feet, larger than the average park.

Also available at Holiday Park is a modern service building that houses showers, toilets, laundry room and drying ward for tenants who wish to do their own washing.

Five hundred feet of private lake front will be made ready for the exclusive use of Holiday Park visitors with beach facilities, swimming, boating and recreation for our tenants.

This season with 50 spaces made ready for rental and at least double that number by next summer should fill the long felt need for such an enterprise in this area.

With fifty new families within walking distance of Tahoe City will of course help local merchants. While the necessary facilities are completed many finishing touches will be made throughout the balance of this summer.

Campsites will also be a feature of Holiday Park. In a separate section there will be made ready spaces for campers, with a large outdoor table and fireplace as well as water and lights for each campsite and of course toilets and showers with hot and cold water.

Jana Lund

Blonde Jana Lund, a big hit in Rosalie earlier this season at Music Circus, is continuing to win new fans this week in the Broadway success, Plain And Fancy. Popular Nancy Andrews and Doug Rogers are also starring in the musical which takes place in the Amish country of Pennsylvania. The production closes Sunday, August 5th to be replaced in the tent theater by Cole Porter's Panama Hattie.

FLOOD FUNDS ARE GIVEN TO COUNTIES

SACRAMENTO —(C N S)— The state public works board approved allocation of $2,969,668 more in state flood relief to California cities and counties suffering damage in last winter's storms.

In addition, the board allocated $407,736 for flood repair projects previously approved.

The biggest allocations went to Sutter and Yuba Counties for construction of a new Fifth Street Bridge between Yuba City and Marysville, to replace the old structure which was swept away by wild waters of the Feather River last December. Sutter county received $928,843, and Yuba $633,770.

Sutter county will put up $48,887 toward cost of construction and Yuba $37,675. The federal government will pay $85,000 of the cost of the new bridge, which will provide a two-lane roadway.

Play for President

The U.S. Marine Band, known as "The President's Own," has played for every president since Thomas Jefferson.

VISITORS' NIGHT IS FEATURE OF LAKE ROTARY CLUB MEET

KINGS BEACH— It was indeed visitors night on Monday at the regular weekly meeting of the Rotary Club of Brockway held at the Crystal Bay Club. Responding to the call from President Pappy Brooks for the introduction of guests were 28 visiting Rotarians representing the 18 clubs of Auburn, Tahoe City, East Oakland, North Oakland, Burlingame, Healdsberg, Pittsburg, Vista, Huntington Beach, Grass Valley, Fresno, Orinda, Coalinga, Berkeley, Longview, Washington; Catalina-Tucson, Arizona; Kennett Square, Pennslyvania, and Reno.

Program Chairman Leon Barker introduced Dr. Wes Hall of Reno as speaker of the evening. Dr. Hall, who is known to many of our members and always a most interesting speaker, took as his subject "It Happened in My Time." His talk covered the advancement of the practice of medicine and surgery. Among other data given he predicted that a cure for cancer would be found in the very near future which would eliminate this dreaded disease. His was a most interesting talk and brought forth facts of medicine and surgery which were occuring every day and which were unheard of as recently as five years ago.

Humbert Ciardella Hurt While Avoiding Child

Young Humbert Ciardella who is on the police force at Reno received an emergency call recently and started to leave headquarters when a child darted into his path. In order to avoid hitting the child, Ciardella swerved his vehicle into a brickwall, sustaining head injuries. Ciardella has returned to duty since the incident.

CHECK THESE SYMPTOMS OF WEAK WIRING IN YOUR HOME!
☐ LIGHTS blink and dim when appliances are turned on.
☐ RADIO difficult to tune clearly.
☐ APPLIANCES listless and operate slowly.
☐ FUSES blow out and circuit breakers trip too often.
☐ TV picture "shrinks" when other appliances are turned on.
☐ OUTLETS and switches scarce and not where you need them.
If you have any of these troubles, call us for more information. No obligation!

STRICTLY STRICKLAND

By Bill Strickland

Building activity on the hill is getting into high gear. The Heron Construction has started the Mt. Lincoln Lift in the Sugar Bowl. This new lift is going to be a beauty and will open up some wonderful new slopes for Sugar Bowl skiers. The bottom terminal is just to the left of the Mt. Disney terminal and on the lodge side of the rope tow. From that point the line runs slightly east of south for a little over one and one-half miles to the table flat on top of Lincoln. Just east of the start of the Silver Belt course. This new lift will open up all of the north face of Mt. Lincoln, plus the Donner Ridge and possibly the Old Cannon Ball run down to Donner Lake. The Cannon Ball, in case you've forgotton, was cleared some sixteen years ago, and was to be used as a downhill training course. With a vertical drop of 2,500 feet in three miles, it was a lulu. We skied, rolled and slid down it twice in 1940 and recall that it was a terror. From the first Lincoln Tower a platter pull lift is to be installed that will service the lower slopes of Emigrant Valley for beginning skiers. There are slopes ranging up to 30° on this run. That's for beginners????

Over to the right, and in the direction of the Crows Nest will be still another lift. This one goes clear to the ridge on the right side of the meadow, looking south. Since it is on the leeward side of the Mt. Disney ridge, it will be usable by the chair lift riders, should the chair lift be closed because of wind.

Several new homes are in the process of construction too. Victor Tschellischeff (is that the way you spell it, Vic?) is the building contractor. There must be at least forty cabins in the area now— some worth about $50,000. These are cabins? When all of this construction is finished, there will, of course, be more started. The Sugar Bowl is getting to be quite a plant.

We heard, before we saw, Sherman Reams working on the rope tow hill at Soda Springs. He was dynamiting some of the big rocks, and believe me, you could hear the blast without half trying.

Bud Wiget, who has competed in the speed boat races every year at Donner Lake, did real well for himself this year. Bud is from Walnut Creek and has made his headquarters at Donner Summit Lodge when in this region. We've gotten to know him pretty well as a result, and have naturally been very intreested in the results. He evidently competes in races all over the nation. We overheard his comparison of the Donner Lake course with one in Florida. He said the Florida course was longer and consequently better for his big hydro as he could open it up on the longer straight-a-ways.

Practically all of the Soda Springs subdivision homes are open now. Saw Frank Bourdet, his wife and daughter over the week-end. Their house is next to Johnny Johansens'. "Dock" Buek has been up, and working around his place. Carl Buek is adding the other two wings to his Ski Shop building. Brad Board has just about finished his new house. Captain Beyers is putting a large addition on his place. Lots of activity but not much news.

FLOOD FIGHT—Kent Austin teams up with Sergeant Charles R. Clark of Springfield, Mass., during sandbagging operations in Bonners Ferry, Ida., in a successful two-week fight to prevent the Kootenai River from cresting the last fatal inch over the levees. Nearby Fort Lewis, Wash., supplied equipment and 900 soldiers.

Labor, Management In State Had Quiet 10 Years

SACRAMENTO —(CNS)— Ernest B. Webb, state director of industrial relations, announced today that labor-management relations in California during the first six months of this year were the quietest in more than ten years.

Webb said less than 25,000 employees were involved in strikes, the smallest number for this period since the war.

Last year, during the same period, 87,500 workers were involved in 125 work stoppages throughout the state. The number of stoppages for the first half of this year was 85.

Webb said that despite a sharp upturn in strike activity in July, with the outbreak of the steel strike, the number of California workers involved so far this year is still the lowest of any recent year.

When you're having the neighbors over—

What makes a glass of beer so right?

Here in California, people are friendly and hospitable. And beer is the sociable beverage you find served when the folks next door drop over for a chat or a charcoal-broiled steak. Light and tangy, beer is a welcome asset to any gathering.

It's not hard to see why beer has always been popular here. Beer is the beverage of moderation—the perfect complement to the relaxed informality that has become the California way of life.

• *Beer belongs to California living*

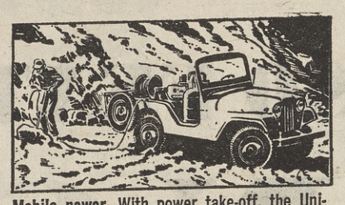
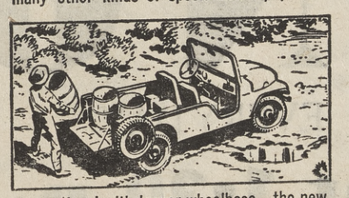
Tough jobs demand a Universal 'Jeep'

Traction. 4-wheel drive gives the extra traction for traveling up steep grades or broken ground. The 'Jeep' is built to stand up and take it in tough usage.



Mobile power. With power take-off, the Universal 'Jeep' provides mobile power for operating welders, compressors, generators and many other kinds of specialized equipment.

Hydraulic lift. With hydraulic lift, the 4-wheel drive 'Jeep' operates graders, scrapers, post hole diggers and most 3-point hitch implements.



Now a 'Jeep' with longer wheelbase—the new model CJ-6. Carries larger, bulkier loads; has all the features that made the 'Jeep' famous.

A 4-Wheel-Drive Universal 'Jeep' takes you to the job, wherever it is—on the road or off! This rugged performer carries men and equipment over the highway in conventional 2-wheel drive. Then, when work calls for travel off the road—through mud, sand or snow, up hill or down—you shift a single lever for the extra traction of 4-wheel drive. With power take-off, or hydraulic lift, the Universal 'Jeep' does an almost endless variety of jobs. To find out what it can do for you, ask for a demonstration.

4-WHEEL-DRIVE UNIVERSAL 'Jeep'

NORTH TAHOE

By JUDGE HARRY CHARRISON

Married

I was sure surprised when I heard that Jimmie of Loynd's Drug store in Kings Beach, has gotten married recently. I had the pleasure of meeting his beautiful bride, who is the daughter of Mrs. Royal Luther Ash of Berkeley. The happy couple who are now Mr. and Mrs. James Morgan Simmons and were married in the Congregational Church, Reno and after a glorious honeymoon Jim is back at work and are living in Kings Beach.

Cow-Boys

Don Germain was telling of how he and Neill West entered a rodeo at Glenbrook. Don made a good ride on a cow, not being thrown and Neill made an excellent showing at calf roping. While they won no prizes, they had the time of their lives.

Couple of Cuties

Had a visit from Mabel Reese, whom every one of us know, and she brought two of the cutest young ladies you ever saw. We hadn't seen them for a long time and have they grown into quite young ladies. They are Dixie Lee Reese and Leta Laborde. Dixie is the daughter of Dixie and Mrs. Reese and Leta is the daughter of Mr. and Mrs. (Slim) Laborde.

Another Wedding

John and Mrs. O'Connor, neighbors of ours, left last Saturday for Lodi to attend a wedding of some excellent friends, Donald Gine and Barbara Gilbeau. The wedding, I hear, was held at the Catholic Church in Lodi and was well attended and was very beautiful. John and Ruby are very cute and get in for all these times.

Old Pals

Mr. and Mrs. R. J. Mahoney of the Mahoney's Motel in Kings Beach have as their guests some old friends, Mr. and Mrs. Carol Cada and two boys, Charles, 12, and Richard, 10, from San Jose. Mr. Mahoney and Mr. Cada were buddies in the navy in World War II. Also have their two grandchildren for the summer, Diana and Gary Henderson. The Mahoneys have made a beautiful place of their motel, adding on all the time and is a credit to the community. R. J. has not been so well lately, but is improving splendidly.

Birthdays

Three birthdays on the same day the 19th of July were celebrated by Harry Johanson, Madeline Hord, and Elsie Charrison. They were celebrated in great style too, but neither one would tell the exact amount of years they had already gotten through, but they can't all fool me.

Caller Frae The Kirk

This column wishes to congratulate Rev. Langguth, the new pastor of the Community Church (Wee Kirk o' the Pines) in Kings Beach, for his effort in doing something for not only the juveniles of our community but for the grown-ups too. He is organizing, and has, the facilities for table tennis, badminton, horseshoes, volleyball, and softball and he urges all parents and their offspring to join in the very admirable project. He will need some reliable youngsters and oldsters to assist him in this. Give the minister a call if you are interested and by the way the services are being held in the open door church now, COME, won't you-

About Town

I see George Ridgway is back at his old stand, The Trade Winds, while his wife Bea is as busy as a bee at the Kings Beach resort. Carl Abbott who ran the Cork-'n-Net was back for a short visit, still claims the ownership of the same. Jim Wheat and Charles Richardson of the health department were up from Auburn. It is hard for them to keep up with the would-be violators. Mary-Lou Waddell had a close call when she just made it over Mr. Rose ahead of that disasterous flash flood.

Pledge to the Flag

Early Sunday morning and have just raised the flag outside. It was real nice to see two young fellows passing by, stop and pledge to the flag. There at least I felt were two young eighteen year olds that, would prove no problem to the community or country. Refreshing, huh?

Visiting

Joe Barnes, son of Mrs. Ella Blake of Kings Beach, was a visitor from Richmond as was also Danem Murdock a visitor with the Headys who are staying in the home of the Blakes on the golf course, but now as always it is time for them to make it back home after a wonderful time. Joe is leaving with his brother, Reece.

Recovering

Very happy to hear that Mrs. Burdick, Ruth Laverys mother, is back at the lake. She had quite a bad time in the Sacramento hospital, but it is with joy we say to her we are most happy to see you feeling and looking so wonderfully well. Keep up the good work won't you?

A Good Chairman

At the beginning of the column it was mentioned about the project that is being formulated for recreation for young and old. I am now told that Alice Dunham is the chairman of this recreation and being a real live wire, she is just the person for the job. So again I ask do all you can to help her put this worthwhile project over.

Baby Sitters

There have been several complaints regarding the handling of young children and baby sitting. The so called day-care nurseries and where children are cared for through the night, etc. A person or persons must apply to the welfare bureau for a license, and even then the establishment must be passed on by the health department, and there must be safety measures taken. No doubt there is a wonderful opportunity for some enterprising persons in the area, not only for personal reasons, but for the benefit of the community.

Used in Treatment

Hot Springs National Park in Arkansas contains 47 mineral hot springs used in the treatment of various ailments.

Air Attack

In 1927 U.S. Marine Corps pilots operating against bandits in Nicaragua, carried out the first recorded air attack directed by ground troops.

Placer Delinquences Are Small Report Reveals

AUBURN— Arthur K. Brennan, tax collector, states tax delinquencies in 1955-1956 in Placer County totaled .024 per cent, the same figure as the previous year.

Delinquencies were higher in the unincorporated areas. The city of Auburn had a delinquency of only .0118 and the city of Roseville had .0207.

The county collects taxes from both Auburn and Roseville under contract.

Earns Cross

The first instrument flight from Akron, Ohio to Washington, D.C., was made in 1930 by Marine Corps Captain A. H. Page, who was awarded the Distinguished Flying Cross for his feat.

BE CAREFUL WITH FIRE!

MANY ISSUES ARE TAKEN UP DURING ASSOCIATION MEET

(by Ethel J. Vernon)

TAHOE CITY— The Tahoe City Improvement Association held a meeting in the Community Hall here on last Thursday evening. The business heads, and most of the residents of the community attended, as well as many resort owners and motel and lodging house managers from adjoining lakeshore vicinities.

Fred Kilner reported at this meeting the recent visit here of Mrs. Mazie Salter of Auburn, head of the Placer County Planning Commission, in response to an invitation to investigate parking conditions with a group of local business heads. Kilner said Mrs. Salter was shown the several parking areas here, such as the town commons which affords room for the parking of 80 cars, and the lower part of the Tahoe Lake School grounds where space could be easily cleared for as many more.

Kilner explained that the division of highways will allow improvements made for parking space at the section of Y between the highway and the bridge crossing under certain conditions. It was also explained to Mrs. Salter that parking periods in Tahoe City are short in general, and the parking of most cars never impose an inconvenience on the motoring public. So far there has been no report here of any action by the planning commission to modify the new off-street parking ordinance, as was formerly requested by the improvement association.

Next on the business agenda was a discussion concerning the building of the much needed low-level highway at Emerald Bay. George Kehlet, owner of the Meeks Bay Resort, said he had talked with some of the crew operating large equipment on the Emerald Bay slide, who told him that highway authorities were unable to keep caterpillar drivers on the job a good share of the time because of suspected danger there. The informant said that the highway now has five pieces of equipment employed there.

Dr. S. M. Dingwall, presiding president of the T C I A, called on former state senator Vern Hoffman of Lodi to express his views on a procedure most likely to help make more certain an all-year low-level road around Emerald Bay. Hoffman said there was no question in his mind that a bridge would eventually have to be built across the neck of the Bay to make a permanently safe highway. He also said that, not only will a bridge not detract from the scenic beauty there, but that it will even enhance the beauty of that section.

Asked if the division of highways could condemn the state property for the building of such a road, Hoffman replied that the highway division has that power, but that apparently there is some kind of code of ethics between that organization and the division of beaches and parks which prevents them from taking such a step without full cooperation from state parks authorities. He said in his estimation the low-level road will have to be accomplished through legislation, and by convincing senators and assemblymen throughout the state of the strict necessity of such an all year road, and also that the idea of "detraction from scenic beauty" holds no reality. Hoffman advocated that residents here write personal letters to these state officials, as he believes that most of them know nothing whatever about conditions here.

Don Huff, President of the Lake Tahoe Sierra Chamber of Commerce, read a letter that he had written to the division of beaches and parks inviting the heads of this organization to come here as guests of the Chamber of Commerce, and make a close-up inspection trip to Emerald Bay and the slide area in company with authorities here. He said he will also invite Governor Goodwin J. Knight to take part in this inspection, and possibly officials of the state division of highways as well.

QUESTION OF SOIL IS ISSUE AT TAHOE

AUBURN— At the request of the Tahoe Pines Association, supervisors have directed District Attorney Al B. Broyer to write industrialist Henry Kaiser to ascertain if his employees have removed soil from Tahoe Pines Beach, near his Lake Tahoe summer home.

The association says many small insects are breeding in stagnant water holes assertedly left by the Kaiser employees.

PRELIMINARY WORK STARTS AT SQUAW FOR 1960 OLYMPICS

First construction work on facilities for athletic events at the 1960 Winter Olympic Games has started at Squaw Valley.

Technical consultants retained by the VIIIth Olympic Winter Games Organizing Committee to take advantage of summer conditions at the Olympic site are completing ski course studies under the direction of A. A. Jones, chairman of ski events for the Organizing Committe.

This was announced by Alan E. Bartholemy, executive director of the Organizing Committee, who said that Willi Schaeffler, head of the physical education department at Denver University and coach of the school's ski team, and Montgomery Atwater, internationally recognized authority on snow control, are now working on preliminary plans at Squaw Valley.

Schaeffler will be in charge of summer course preparations and will have the responsibility of conducting the courses for the downhill and slalom ski events for the games. He and his crew will be occupied mainly this summer in setting up test sections of snow fencing, removing and blasting obstacles on the proposed courses, and measuring the various courses in metres as required by Olympic specifications.

Schaeffler also will observe these courses while they are being tested under actual competitive conditions next winter.

Atwater is directing his primary attention to control of snow to prevent avalanches on the courses.

Bartholemy also announced that Wendall Broomball of Rumford, Maine, has been engaged by the Organizing Committee as chief of cross-country courses for the 1960 Winter Olympics.

Broomball is scheduled to arrive here in the near future to complete his recommendations on cross-country courses for approval by technical representatives of the International Federation of Skiers.

Robert Fauer, vice president of the technical committee of FIS laid out a downhill course during his visit to Squaw Valley last April in conformity with Olympic regulations. However, Jones and Schaeffler have developed additional courses which are believed to be of a higher standard and these will be considered before a final decision is made. Plans now are to have one or more courses ready for competition during next winter.

In order to accelerate completion of plans for the winter competition, Bartholemy said that the Organizing Committee has invited Otto Menardi of Italy, president of the technical committee of the FIS, and Siggi Bergman of Sweden, chairman of the cross-country committee of the FIS, to visit Squaw Valley in August.

At that time, the Organizing Committee will review its proposals on the location of various courses with them.

Invitations also are being extended to officials of the International Bobsled Federation, International Skating Union and International Hockey League, all with headquarters in Europe, to send representatives to Squaw Valley in September, October and November to consult on various plans.

The bobsled course, which was designed by Louis Saint-Calbre of France, during a trip here last December, was approved both as to design and location at Squaw Valley by officials of the International Bobsled Federation during the recent Winter Olympic Games in Cortina, Italy.

Bartholemy pointed out that, while the technical requirements for ice skating events are comparatively simple, the Organizing Committee is anxious to receive an endorcement of its plane.

Southern State Man To Succeed Games Official

P. K. Macker, San Francisco public relations executive, whose resignation as executive secretary of the California Olympic Commission becomes effective August 15, has been replaced with H. D. Thoreau, who has been public relations director for the University of Southern California.

Macker, whose work with the commission has been outstanding, proposes to devote his full time to his work with the P. K. Macker Company. Macker will continue his work with the commission until he is replaced August 15.

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO —(CNS)— A good many state employees are in something of a dither over the all-out campaign of the California State Employees Association to raise thousands of dollars to defeat a constitutional amendment which was proposed to the people of the state by the legislature, members of which are representatives of the people.

Reason for the dither is the question of whether or not the state employees are in a conspiracy to get around Section 1970 of the government code, which specifies that state employees shall neither be directly nor indirectly involved, or in any manner concerned about soliciting or receiving contributions, voluntarily or involuntarily "for any political purpose whatever."

The constitutional amendment is Proposition No. 10 on the November 6 ballot, whch would, if adopted, merely provide that the state can contract work out to private architects and engineers which the state division of architecture and other state departments can't complete on schedule.

The state employees association has raised the bogey-man of "spoils system return" in an effort to defeat the amendment, and sent letters to its members suggesting donations.

Here is what "The Sacramentan", a publication of Chapter 2 of the State Employees Association, and incidentally, the largest chapter in the organization, has to say about the solicitation:

"Government employees are prohibited by both federal and state laws from taking sides, as employees, in political campaigns and controversies. In principal, their integrity as civil servants would be shaken if their conduct depended on the outcome of a political contest."

The statement then goes on to add that "the laws are strict, but subject to interpretation."

James H. Phillips, counsel for the CSEA, in his interpretation, points out that the government code section "specifically prohibits any state employee from soliciting any contribution for any political purpose whatever from any other state employee or any person on an employment list."

Phillips, as counsel for CSEA of course, says "there is apparently nothing in the law which prohibits employees from voluntairly making contributions to the campaign against Proposition 10."

However, there have been no California court decisions in which the key term "political purposes' has been defined, the magazine goes on to say, and winds up with this enlightening statement:

"However, the present concensus is that it (political purposes) includes ballot propositions as well as campaigns for office."

Thus, the California State Employees Association, which is composed of state employees exclusively, except for the hired help, apparently knew it was flirting with a possible violation of the law when it sent out its campaign fund solicitations. At least, the intent of the state legislature was to keep government employees, who are supposed to be spending their time serving the public instead of building up a hierarchy to perpetuate their terms in office, out of the political field.

In any event, the Employees Association will have no comeback against its members if they choose not to contribute to the campaign, as a great many of them are choosing at the present time, for there is nothing compulsory about donations even if they should happen to be held legal by the courts.

Back From England

Mr. and Mrs. William Fordham have as their guest his nephew, Roy Collins who received his U. S. Army discharge, following his return from England.

Pedestrian Jailed After Being Hit By Automobile

James Cecil Rowan, Los Angeles, was arraigned before Judge Harry Charrison after spending a day in the hospital following a collision with a car at Kings Beach Tuesday afternoon. Rowan, charged with violating the county sobriety ordinance was struck by a car driven by Clifford B. McCarty of South San Francisco. Witnesses said Rowan was obviously intoxicated. Patrolman Bud Meixner investigated.

Family Arrives—

Mrs. Frank Snyder and family of Sacramento have arrived to join Sergeant Snyder and will make their home here.

In the 1861 Congressional Act which created the Territory of Colorado, the House named it "Idaho" but the Senate changed it to "Colorado."

TWO APPOINTMENTS ARE MADE BY BOARD

Two appointments by the Nevada County Board of Supervisors have been announced.

Hubbard E. Nolen, North Columbia, was appointed county veterans service officer Monday on the second ballot. He secured the votes of Supervisors Jay Coughlin, Guy Robinson and Henry Loehr, who for a third time switched his vote to effect a 3-2 decision.

Victor Montre, was appointed Grass Valley Judicial District Judge on the second ballot. He received the votes of Supervisors Curtis Clark, J. L. Frank and Guy Robinson, after receiving one vote, that of Robinson on the first ballot.

Important Date

Nevada became a state by presidential proclamation, October 31st, 1864.

Auto Wrecks Near Truckee Reported

A series of motor vehicle accidents, none of them serious, were reported during the past week by Sergeant Frank Snyder of the California Highway Patrol.

Three vehicles were involved in an accident half a mile east of Farad Friday night at 6:50. Two of the operators, Ernest L. Kohl and Louis Ramerez, both of Truckee were cited, the former for failure to yield the right of way and the latter for not having required eye glasses. The third vehicle was driven by Clyde C. Griffin of Turlock. No one was injured. Patrolman Martin Sturcke made the investigation.

James R. Tillotson, Antioch, was cited for making an unsafe pass at Soda Springs Friday night at 9:30. Tillotson crashed into a parked car owned by Lauren Wofford of Soda Springs. The third driver was Muriel Reno Williams, also of Soda Springs. No one was hurt.

Norma Luther of Reno was injured slightly when cars driven by John D. Biglier of Reno and Frank Jenkins of Oakland collided three miles west of Truckee Saturday at 5:15 p.m. Jenkins was cited for not being able to stop his vehicle.

Alice Davis, 43, Roseville was injured when a car driven by Floyd C. Davs, 42 failed to make a turn on the Brockway cutoff Sunday afternoon and was wrecked. Patrolman William Gautsche investigated and cited the driver for speeding.

A pedestrian, Mrs. F. A. Nichols, 53, Sacramento suffered minor injuries Sunday aftrenoon when she was struck by a car driven by Guy Willard Caldwell of Candler, N. C., while walking in a driveway at Donner Lake Lodge. Patrolman Sturcke made the investigation.

Sunday morning at 2:50, a car driven by Mildred Morgan, 25, Las Vegas and Crystal Bay, was involved in a mishap 15 feet inside California at the state line near Kings Beach and was later arrested at Verdi, Nevada, and charged with failure to stop at the scene of an accident. She is accused of hitting a parked car belonging to P. Watkins of San Francisco. The woman was driving a car registered to Harry Shaw, Jr., of Sacramento. Patrolman Sturcke made the investigation.

Coos Bay Stay—

Mr. and Mrs. Deloy Hart and their five children returned from a visit with relatives at Coos Bay, Oregon.

Matrons Diverted—

Mrs. Chet Burns was hostess to a group of young matrons in her home on Monday evening, cards were a diversion, followed by the serving of refreshments.

Esolas At Tahoma—

Mr. and Mrs. Augie Esola, their two daughters and her father John Ferry all of Sacramento have been visiting local friends while vacationing at Tahoma for two weeks.

Visiting Here—

Mrs. Grace Brunkal and daughter, Elizabeth, are visiting here with Mr. and Mrs. Hank Slack from their home in Portland.

From Hayward—

Mr. and Mrs. O. Gendron and children Cheryl and Ronald of Hayward were visitors last week with Mr. and Mrs. Ed Smart.

Benjamins Guests—

Mr. and Mrs. August Benjamin had as their guests last week Mr. and Mrs. K. C. Benjamin and daughter, Lisa Rene,e now returned to their home at Torrance.

Father and Son Recuperating—

Heslin Cardinal was treated for leg injuries after he fell from a truck and his son Billy, who had undergone a tonsilectomy last week are both well on the road to recovery.

WATER CARNIVAL TO BE HELD AT LAKE SUN.

TAHOE CITY— Miss Sherrill Blessing, chairman of the Water Ski Carnival, announces that the trials for the ski event will take place Saturday morning July 27 at New Chambers Lodge from 9:30 a.m. to 12:30 p.m. This is only for those who plan to enter the event.

Entrance fees will be $3.50 for non members of the club and $2 for members of the Tahoe Yacht Club.

Finals will be held Sunday July 28 from 9:30 a.m. to 12:30 p.m. at New Chambers Lodge. The public is invited to attend the Sunday Water Ski Carnival.

The trophies will be on display at New Chambers Lodge this week.

There will be eleven classes to enter as follow:

Children's slalom, 13 years and under; girls slalom, 14-17; boys slalom, 14-17; womens slalom 18 and over; mens slalom, 18 and over; children's tricks, 13 and under; girls tricks, 14-17; boys tricks, 14-17; womens tricks, 18 and over; mens tricks, 18 and over; and an exhibition class.

Miss Blessing has said that if all of the classes were not filled at Saturday's trials and registration, there will be a late registration early Sunday, the morning of the Water Ski Carnival.

MANY ITEMS OCCUPY SCHOOL BOARD MEET

At their meeting July 17, the governing board of the Tahoe Truckee Unified School District refused the only bid submitted for clearing and leveling the Kings Beach school playground and ordered the matter readvertised for consideration at the October 9 meeting. They felt the bid was too high for the amount of work involved.

Bids for supplying paper for the district was divided with the Sierra Sun getting a portion but the majority of the order going to Crocker.

The Tidewater Oil Company was low bidder for supplying fuel oil.

It was decided to invest $40,000, now in the accumulative building fund, in government bonds pending the time the money will be required, at a legal rate of interest, approximating $700 a year. A legal opinion and resolution will be obtained before this action is taken.

Some discussion was held relative to the disposition of the old high school building which is being used by the district under an agreement with the McGlashan Estate. So long as the building is used for school purposes the grant holds good. The board is studying the advisability of acquiring title to the property so that any disposition they decide upon can be carried out.

The next meeting of the board will be held at 8 p.m. August 7 at the high school when the budget, printed elsewhere in the Sierra Sun today, will be studied and anyone having any objections can be heard.

Abbie an' Slats

by RAEBURN VAN BUREN

EACH OF US HAS GOT A SOLEMN PATRIOTIC DUTY TO PERFORM, BECKY. AND YOURS IS TO AGREE TO RUN FOR THE PRESIDENCY OF THE UNITED STATES!

B-BUT I DON'T KNOW ANYTHING ABOUT BEING A PRESIDENT!

NEITHER DID NONE O' THE OTHERS-- THE FIRST TIME THEY MAKES IT!

IT'S PRACTICALLY THE ONLY JOB IN THE WHOLE BLARSTED COUNTRY THAT DON'T REQUIRE NO PREVIOUS EXPERIENCE IN THE SAME LINE O' WORK! WE'VE HAD TAILORS, PROFESSORS, SALESMEN, SOLDIERS, ENGINEERS HOLDIN' DOWN THE JOB!

SO WHY NOT A FINE GIRL LIKE YERSELF THAT'S HAD THE BENEFIT O'BEIN' BROUGHT UP BY A MAN THAT AIN'T NEVER HELD NO JOB LONG ENOUGH T'GET TOO SET IN HIS IDEAS?

YOUR FATHER'S DEAD RIGHT, BECKY! YOU COME TO THE WHITE HOUSE WITH YOUR HANDS AND MIND UNTAINTED BY ANY IDEAS--THANKS TO YOUR FATHER'S TRAINING!

WELL, IF IT MEANS A NICE, STEADY, GOOD-PAYING JOB FOR YOU, POP--

BEIN' VICE-PRESIDENT'S GOT TO LAST AT LEAST FOUR YEARS WITH YOU IN THE HEAD CHAIR, HONEY!

I'LL MAKE ARRANGEMENTS FOR RADIO, TV, NEWS CONFERENCES, STATEMENTS, AND EVERYTHING ELSE AND SO, FOR A FEW DAYS, GOOD-BYE, MISS PRESIDENT!!

G-GOOD-BYE, MR. McBULLION!

AN' I'M GONNA MAKE A COUPLA QUICK CHANGES IN THIS SETUP, KIDS!! FIRST THING OFF, BUMS HAS GOT TO BE TREATED WITH MORE RESPECT IN ALL FORTY-EIGHT STATES, NOT T' MENTION THE TERRITORIES! KEERECT?

KEERECT!!

7-29

IS IT POSSIBLE?? MORE NEXT WEEK

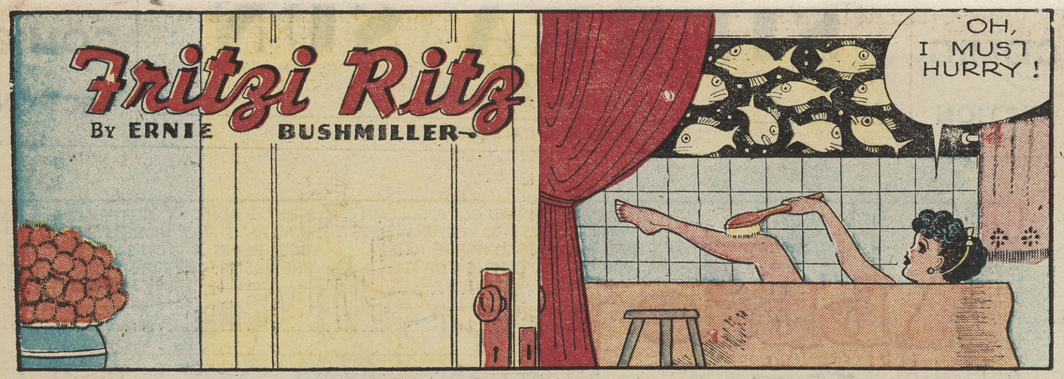
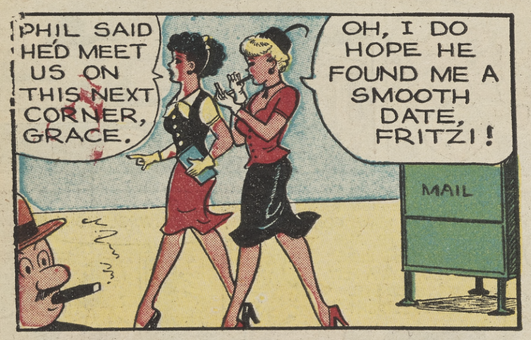
BE GOOD CHILDREN AND GIVE OUR LOVE TO GRAM AND GRAMP!
OOOOO! THEY GOT THOSE HOME-MADE MOLASSES KISSES TODAY, PAT!
YEAH! LET'S US GET SOME!

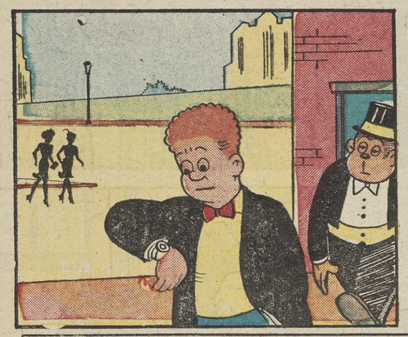
Fritzi Ritz

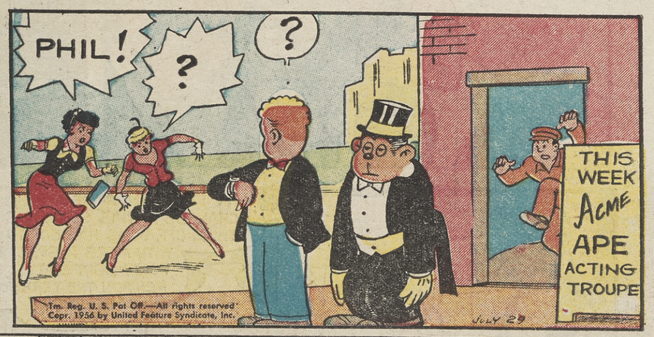
By ERNIE BUSHMILLER



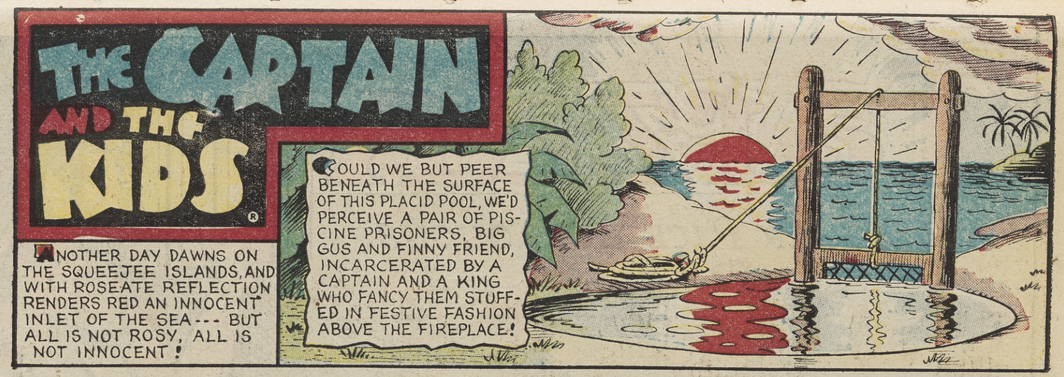
I'M ALMOST AFRAID TO FACE FRITZI.
I PROMISED TO BRING AN ESCORT ALONG FOR HER COUSIN, GRACE, SO WE COULD MAKE IT A FOURSOME.
BUT THERE JUST WASN'T TIME TO DIG UP A BOY FRIEND!



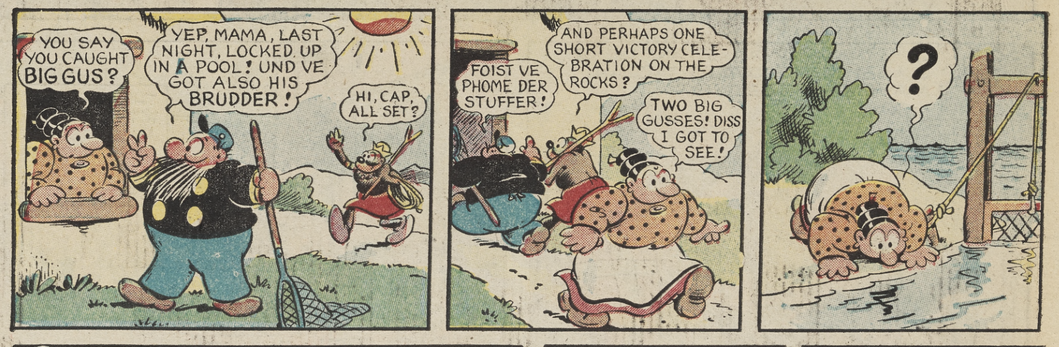




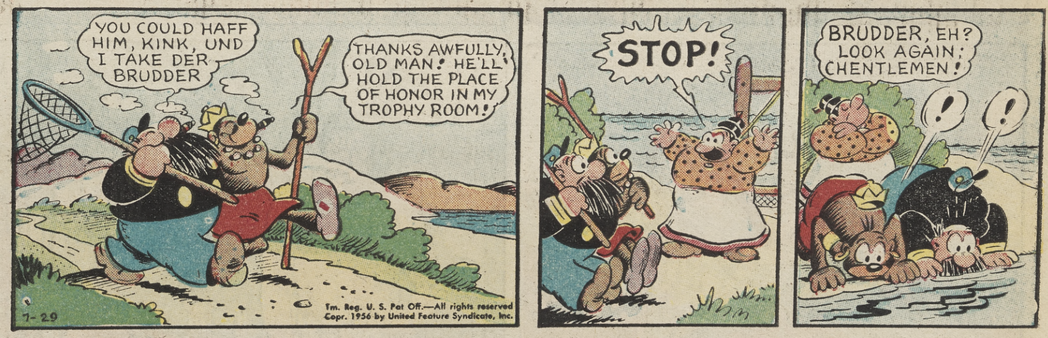
THE CAPTAIN AND THE KIDS



ANOTHER DAY DAWNS ON THE SQUEEJEE ISLANDS, AND WITH ROSEATE REFLECTION RENDERS RED AN INNOCENT INLET OF THE SEA--- BUT ALL IS NOT ROSY, ALL IS NOT INNOCENT!
COULD WE BUT PEER BENEATH THE SURFACE OF THIS PLACID POOL, WE'D PERCEIVE A PAIR OF PISCINE PRISONERS, BIG GUS AND FINNY FRIEND, INCARCERATED BY A CAPTAIN AND A KING WHO FANCY THEM STUFFED IN FESTIVE FASHION ABOVE THE FIREPLACE!



YOU SAY YOU CAUGHT BIG GUS?
YEP, MAMA, LAST NIGHT, LOCKED UP IN A POOL! UND VE GOT ALSO HIS BRUDDER!
HI, CAP, ALL SET?
FOIST VE PHOME DER STUFFER!
AND PERHAPS ONE SHORT VICTORY CELEBRATION ON THE ROCKS?
TWO BIG GUSSES! DISS I GOT TO SEE!
?



YOU COULD HAFF HIM, KINK, UND I TAKE DER BRUDDER
THANKS AWFULLY, OLD MAN! HE'LL HOLD THE PLACE OF HONOR IN MY TROPHY ROOM!

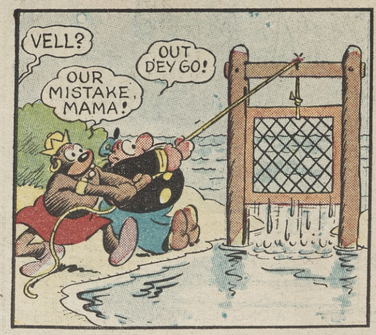
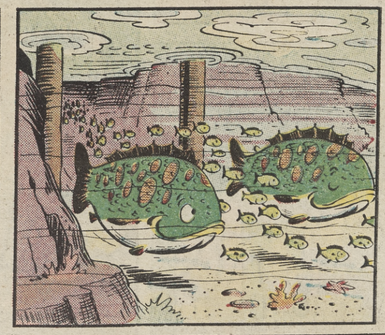
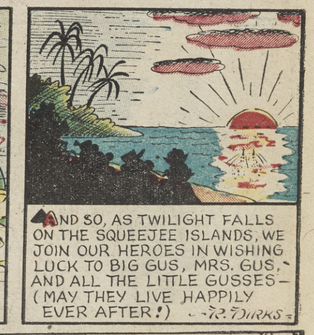
STOP!
BRUDDER, EH? LOOK AGAIN, CHENTLEMEN!
!
!







AND SO, AS TWILIGHT FALLS ON THE SQUEEJEE ISLANDS, WE JOIN OUR HEROES IN WISHING LUCK TO BIG GUS, MRS. GUS, AND ALL THE LITTLE GUSSES— (MAY THEY LIVE HAPPILY EVER AFTER!)

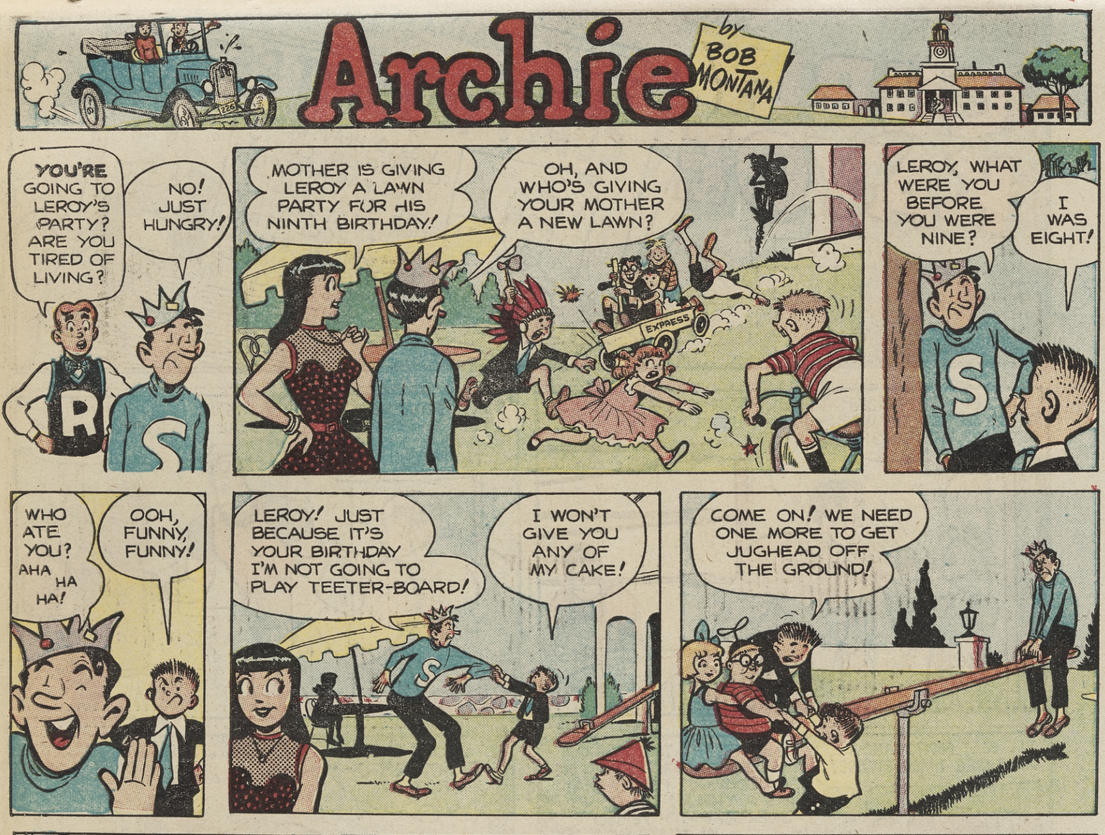
Archie

by BOB MONTANA



YOU'RE GOING TO LEROY'S PARTY? ARE YOU TIRED OF LIVING?
NO! JUST HUNGRY!
MOTHER IS GIVING LEROY A LAWN PARTY FOR HIS NINTH BIRTHDAY!
OH, AND WHO'S GIVING YOUR MOTHER A NEW LAWN?
EXPRESS
LEROY, WHAT WERE YOU BEFORE YOU WERE NINE?
I WAS EIGHT!
WHO ATE YOU? AHA HA HA!
OOH, FUNNY, FUNNY!
LEROY! JUST BECAUSE IT'S YOUR BIRTHDAY I'M NOT GOING TO PLAY TEETER-BOARD!
I WON'T GIVE YOU ANY OF MY CAKE!
COME ON! WE NEED ONE MORE TO GET JUGHEAD OFF THE GROUND!
JICE CREAM
OH, NO!
THUD
OOH! MY TEETH!
QUICK! ON THE BALCONY!
RANGE ZERO!
READY ON TARGET!
BOMBS AWAY!
LEROY
LEAVE SOME FOR US!!

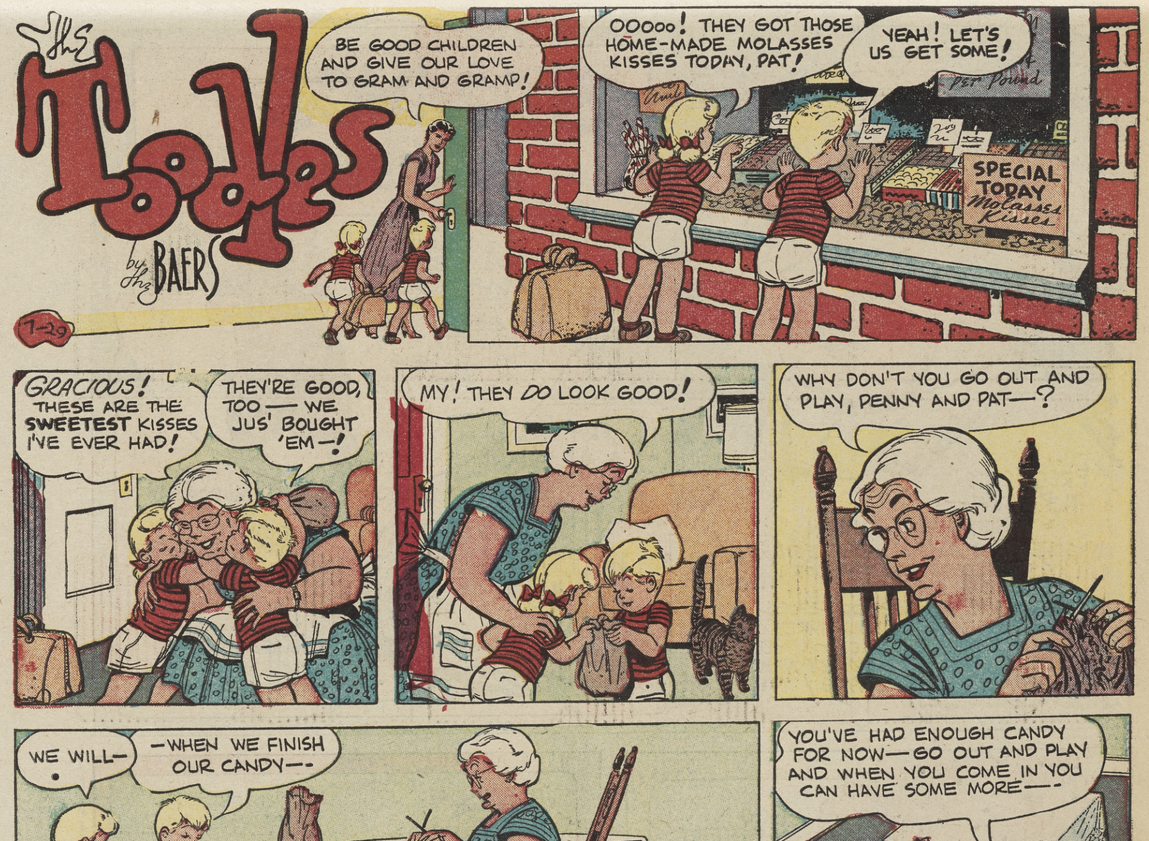
The Toodles

by Jhz BAERS



BE GOOD CHILDREN AND GIVE OUR LOVE TO GRAM AND GRAMP!
OOOoo! THEY GOT THOSE HOME-MADE MOLASSES KISSES TODAY, PAT!
YEAH! LET'S US GET SOME!
SPECIAL TODAY Molasses Kisses
7-29
GRACIOUS! THESE ARE THE SWEETEST KISSES I'VE EVER HAD!
THEY'RE GOOD, TOO— WE JUS' BOUGHT 'EM—!
MY! THEY DO LOOK GOOD!
WHY DON'T YOU GO OUT AND PLAY, PENNY AND PAT—?
WE WILL—
—WHEN WE FINISH OUR CANDY—.
YOU'VE HAD ENOUGH CANDY FOR NOW—GO OUT AND PLAY AND WHEN YOU COME IN YOU CAN HAVE SOME MORE—.
—ER—UH— DO YOU LIKE MOLASSES KISSES, GRAM—?
YES, I DO— BUT I CAN'T EAT THEM BECAUSE OF MY TEETH—.
O.K., THEN WE'LL PLAY OUTDOORS —AN' YOU C'N WATCH THESE TILL WE GET BACK—!

PRESIDENTS IN REVIEW--
MARTIN VAN BUREN
WAS THE *FIRST AMERICAN PRESIDENT!*
(HIS PREDECESSORS WERE BORN BRITISH SUBJECTS)
DURING ONE **12-WEEK** PERIOD, BEFORE HE BECAME PRESIDENT, HE HELD THREE OF THE MOST HIGHLY PRIZED POSITIONS IN PUBLIC SERVICE, *SENATOR, GOVERNOR OF NEW YORK* AND *SECRETARY OF STATE!*

THE ALASKAN BROWN BEAR-- THE LARGEST CARNIVOROUS ANIMAL FOUND ON LAND, AT BIRTH IS ABOUT AS BIG AS A *RAT!*

THE CHURCH IN THE ROCK--
BUILT ON A SOLID FOUNDATION INSIDE THE ROCK-- HEWN BY HAND IN THE SHEER FACE OF A MOUNTAIN...
Idar-Oberstein, Germany

7-29

600 DIFFERENT KINDS OF PLUMS WERE GROWN ON A SINGLE TREE BY LUTHER BURBANK

CANDLE FISH-- *(Eulachon)* HAVE SUCH A HIGH OIL CONTENT, ALASKAN INDIANS USED THEM AS CANDLES!

"ALL THAT WILL LIVE GODLY SHALL SUFFER PERSECUTION" -2 Tim. 3:12-
THE NUMBER OF PEOPLE TORTURED AND PUT TO DEATH FOR THEIR RELIGIOUS FAITH DURING THE LAST **50 YEARS** *EXCEEDS* THE NUMBER OF MARTYRS IN ANY OTHER LIKE PERIOD OF TIME!

A **WITCH'S CURSE**, HURLED AT AN ANCESTOR OVER *100 YEARS BEFORE* ALMOST DROVE NATHANIEL HAWTHORNE *INSANE!*

BECAUSE OF IT, HIS MOTHER, SISTER AND AUNT WITH WHOM HE LIVED, *REFUSED TO SEE OR SPEAK TO ANYONE*

CURLY KAYOE

DAILY
SPORTS SECTION
CURLY TO FIGHT PEPITO
WORLD HEAVYWEIGHT CHAMPION CURLY KAYOE HAS ACCEPTED THE CHALLENGE HURLED AT HIM BY THAT ECCENTRIC, MILLIONAIRE RANCHER FROM SOUTH AMERICA, PEPITO DIABLO.
CURLY
PEPITO

NOW LET US GET DOWN TO SOME SERIOUS WORK- GET INTO THE RING; PEPITO!
SI, PROFESSOR- ANYTHEENG YOU SAY...

DON'T BOTHER TO TRAIN, CURLY- I WON'T LET YOU FIGHT PEPITO DIABLO... **THAT'S FINAL!**
IT'S NO USE, HAPPY- THE DEAL IS SIGNED... BESIDES, I'M NOT WORRIED.

I'LL BEAT PEPITO LIKE I DID THREE TIMES BEFORE!
YEAH- BUT, THIS TIME HE'S GOT THAT SCREWY PROFESSOR. HE CAN CONVINCE PEPITO THAT HE'S A **TIGER!** I'M GOING OVER TO WATCH PEPITO IN TRAINING!

SHOOT THE RIGHT, PEPITO- NOW...

THIS JOINT LOOKS LIKE A CITY HOSPITAL EMERGENCY ROOM--- **WHAT HAPPENED?**
(GROAN)
PEPITO IS KNOCKIN' OVER US SPARRIN' PARTNERS LIKE AS IF WE WUZ BOWLIN' PINS!
GYM

IN HERE, DOC- YA GOT T'REE MORE CUSTOMERS!
HOW'S CURLY GONNA BEAT A GUY LIKE THAT! IT'S H-HOPELESS!
